

HyFlex®

ADVANCED MECHANICAL PROTECTION

11-500

Excellent dexterity and breathability in a very versatile glove

MD

Medium Duty

Cut-Protection

Performance and safety combined with excellent dexterity and breathability in a very versatile glove

- Ansell's HyFlex 11-500 industrial glove is well suited for a broad range of assembly applications
- It is designed for dry or slightly oily applications where workers need light cut protection, and in some cases, isolation from heat or flying molten metal debris
- Offering optimal comfort and a sure grip, the HyFlex 11-500 glove is the versatile choice for optimal productivity and safety

Industries

- Aerospace
- Appliance Manufacturing
- Automotive
- Electricians
- General Carpentry
- General Industry
- Glass
- HVAC/Sheet Metal Users/Window Glazers
- Metal Fabrication
- Metalworking
- Paper
- Plastics
- Plumbers

Applications

- Brown goods
- Assembly of white goods
- Plastics injection and moulding
- Cycles
- Assembling and inspecting engine parts and small components
- Light assembly of oil-coated pieces

Performance Profile

- Provides “second skin” closeness, reducing risk of snags and cuts.
- Ability to handle sharp parts with confidence, increasing productivity and safety.
- Enhances grip in light oil conditions with good abrasion resistance.
- Silicone-free and natural rubber latex-free for worker and product protection.

Key Features

- Stretch DuPont™ Kevlar® liner provides excellent cut resistance and comfortable fit.
- Product provides: ISO Cut Level B.
- Excellent protection from nuisance nicks and abrasion.
- Extended cuff offers extra cut protection around the wrist.
- Foam nitrile coating channels away oil from the surface of the gloves, providing a sure grip in light oil applications.
- Soil-hiding black palm coating.
