

## High flexibility, strong cut resistance

- HyFlex 11-624 gloves provide comfort and dexterity. Easy to wear during long working hours, they also offer users a “cool feeling” as well as a secure grip on dry to slightly oily pieces for sure handling in a wide range of environments
- The liner is made with a yarn structure containing Dyneema®, the world’s strongest fiber. It therefore offers strong cut resistance for the safe handling and assembly of sharp pieces

### Industries

- Aerospace
- Appliance Manufacturing
- Automotive
- Electricians
- General Industry
- HVAC/Sheet Metal Users/Window Glazers
- Metal Fabrication
- Paper
- Plastics

### Applications

- Glass manufacturing
- Assembly of white goods
- Plastics injection and moulding
- Automotive
- Assembling metal parts and components
- Handling of sharp-edged objects, pre- assembling, cutting of small dry or lightly oiled parts and maintenance.

#### Performance Profile

- Offers users an unmatched combination of comfort, softness, coolness and cut protection.
- Advanced yarn technology increases worker confidence while on the job.
- Proprietary coating provides a sure grip in light oil and dry applications.
- Good resistance to tears and punctures that might occur when handling sharp parts.
- Black palm coating hides soil, providing longer wear and reduced replacement costs.

#### Key Features

- Unmatched combination of comfort, softness, coolness & cut protection.
- Product provides: ISO Cut Level B.
- Polyurethane coating provides sure grip in light oil and dry properties.
- Product curves naturally to prevent hand fatigue.
- Product can be washed and used without any loss of cut performance.
